

## EA Profiles Workshop

This workshop teaches delegates how to customise Enterprise Architect using profiles. Delegates learn how to build an MDG technology containing profiles for custom diagram types, toolbox pages, elements and relationships. Element profiles can define colours, fonts, shapes and tagged value custom properties.

- Location:** Livingston, UK
- Date:** Monday 3<sup>rd</sup> June 2019
- Time:** 9.30am to 4.30pm GMT
- Cost:** £350 + VAT per delegate
- Prerequisites:** Delegates should have a good working knowledge of Enterprise Architect.
- Equipment:**  For classroom training delegates are required to bring their own laptop running Enterprise Architect. It can also be very helpful to have a mouse as this makes working in Enterprise Architect much easier.
- A trial version of Enterprise Architect is fine for training and can be downloaded from Sparx Systems website: [www.sparxsystems.com/products/ea/trial.html](http://www.sparxsystems.com/products/ea/trial.html)
- Course Style:** 40% theory, 60% demonstration  
This workshop comprises a set of targeted hands-on exercises to build an MDG technology containing profiles that customise Enterprise Architect.
- Delegate Handouts:** Each delegate receives a booklet containing all the workshop slides and comprehensive theory notes which form excellent reference material. Booklets also contain exercises and suggested solutions. Following successful completion of the workshop each delegate receives a certificate.

### Course Modules:

Course Modules:			Theory	EA	Notation	Exercise	Hands-on
HIPPO 00	Introduction	1/2 hour					
HIPPO W64	EA Profiles Workshop	6 hours
