

BPMN for Business Process Modelling

This course is designed for business analysts who are new to BPMN. Delegates are taught how to create a set of hierarchical BPMN diagrams to understand and document business processes. Practical exercises and a workshop reinforce the theory.

Duration: 1 day

Prerequisites: No prior BPMN experience is required.
A background in business process modelling is helpful.

Equipment:

For on-site delivery the customer should provide a suitable training room with a screen or projector to connect to our trainer's laptop and a whiteboard or flipchart. All exercises are completed on paper therefore no PCs or laptops are required.

For webinar delivery delegates require a PC or laptop with an Internet connection (a headset can be helpful). If you wish to test your environment join a test WebEx meeting: www.webex.com/test-meeting.html

Course Style: 25% theory, 75% practical.
Each module is accompanied by targeted exercises to allow delegates to apply the theory and become confident with new concepts and notation.

Delegate Handouts: Each delegate receives a folder containing all the course slides and comprehensive theory notes which form excellent reference material. Folders also contain exercises and suggested solutions. Following successful completion of the course each delegate receives a certificate.

Course Modules:

Course Modules:			Theory	EA	Notation	Exercise	Hands-on
HIPPO 00	Introduction	½ hour					
HIPPO 01	BPMN Overview	½ hour					
HIPPO 02	BPMN Process Essentials	1½ hours
